

Candy Corn Jar

Good morning!

Do you ever have days you just can't make a decision? That's me with this jar....I used the **Twick or Tweet** stamp set first....then I tried the **Batty for you** stamp set and then the **Gobble Gobble** stamp. Since I couldn't decide which I liked best I'll just show you all three :)

I filled each jar with Candy corn but I'm thinking I need to go back to the store and get some of those bite size candy bars.

The last one needs something....but I'm not sure what. I think I need to change up some colors....maybe use the **Chocolate Ribbon** instead of the Pumpkin.

Can you see I added some **Dazzling Diamonds Glitter** to make him sparkle?
