

SKETCH #9

TIPS

Use a piece of Designer Series Paper or emboss a piece of card stock using a Textured Impressions Embossing Folder.

Use the Layering Square Framelits for the focal panel and layer. Use a larger scalloped or regular square to create back layer.

Use White Perfect Accents, Basic Pearls or Rhinestones, or the new Enamel Shapes as the accents on the focal panel.

Don't forget to make a matching envelope using the Envelope Punch Board!
